## ROBERT TINDALL SERIOUSLY INJURED.

Mr. Robert Tindall, the veteran stock buyer, was seriously injured Wednesday afternoon at the home of Mr. Homer Nelson, near Selma, where he had gone to attend a sale. Mr. Tindall had unhitched his horse and climbed into the buggy when he dropped the whip. He alighted to get it and in so doing was caught in the wheel when the horse backed. He was thrown to the ground thereby sustaining a broken arm in two places and five ribs fractured. He was otherwise injured internally.

Dr. Baumgardner fortunately was attending the sale and had the injured man removed to the Nelson home. The accommodations were not the best owing to the fact that Mr. Nelson had things ready to move to South Charleston. A nurse was called and everything made as comfortable as possible. Mr. Tindall is near 82 years of age and it is feared that his injuries will prove fatal. He has been an active man all his life and purchased thousands of dollars worth of stock each year from the farmers. Even at his advanced age he could not be induced to give up his vocation and continued until the eventful day. He is a man of well standing being the owner of considerable land.

Latest reports are not encouraging as to his recovery.

### NOTICE!

**JAMESTOWN MILLS' OHIO  
PRIDE FLOUR.**

The demand for this flour is far exceeding our expectations. Why? Because it contains all the nutrition of the wheat, while not lacking any of the fine qualities which make those nice, soft, white loaves so prized by all good housewives. It cannot be excelled for pastries and cakes. We know how to make good flour and are giving you the benefit of 25 years experience in manu-

facturing it. If you are not satisfied, return it to your grocer and get your money back.

## POLL BOOKS LOST.

A report is current that the poll books used in the corporation at the recent election have become lost. T. B. Andrew acted as the presiding judge and had charge of the returns.

Whether the books were lost or not the certificates of election for the different offices were not issued until Thursday evening by clerk Wright, who claims that no returns have yet been made to him.

The poll books used in elections should be returned to the clerks of the school district, township and corporation.

## PLEASANT REUNION.

Christian Instructor.—Mr. J. D. Williamson and wife, of Cedarville, Ohio, both bordering on the four score line, have been visiting their grandson, Rev. Clarence Young, pastor of one of the Reformed Presbyterian churches in this city. Mr. Williamson has been from its beginning one of the leaders of the Cedarville College management. A pleasant reception in their honor was given last week, at his home, by their grandson. Among the guests were, Rev. R. D. Williamson, of Troy, N. Y., Rev. and Mrs. Pollock, of South Ryegate, Vt., Rev. and Mrs. J. A. Orr, Rev. Mr. Henry and Rev. and Mrs. J. A. Collins, all old friends or relatives formerly of Ohio. It was a pleasant and profitable reunion and will not soon be forgotten. After the serving of an excellent collation, several reminiscent speeches were made, closing with saying the Shepherd Psalm. It was especially gratifying to the writer to renew old acquaintances of more than three score years standing under such pleasant circumstances. J. A. C.

## MOVING DAY.

May is regarded as the time for moving but from all reports there are soon to be a number of changes among residents here. Prof. F. M. Reynolds has rented the property occupied by Mrs. Elizabeth Randall, who will move into the real-

estate by her son from Mrs. Randall. Mr. Will McCoy, who has been living in this house, will have to move elsewhere. Mr. Stewart Townsend will take the house to be vacated by Prof. Reynolds and Mr. Arthur Townsley will take Stewart's residence. Mr. Arthur Townsley's residence is for rent.

## SEWING CIRCLE ENTERTAINS.

The Young Ladies' Sewing Circle entertained their gentlemen friends Tuesday evening at the home of Miss Jeanette Orr, twenty six in all being present.

A two course luncheon was served after which the young men were furnished with sewing. A biography of their company was written by each of the gentlemen. Mr. Lewis Tindall received the first prize and Mr. David Brigham, the booby prize.

Those present were as follows: Mary Cooper, Carrie Finney, Julia Harrison, Janet Tarbox, Edna Cooley, Verna Bird, Nellie Turnbull, Lula Tomkinson, Lounette Storrett, Inez Shepherd, Louise Barber Martha Cooley and Jeanette Orr.

Lewis Tindall, Harold Bryson, David Brigham, Ernest McClellan, Raymond Bull, Foster McMillan, Lloyd Confar, Roy Marshall, Roy Waddle, Wm. Waide, Frank Creswell, Charles Coulter of Oxford, O., and Fred Williamson.

## TRAFFICING SCHOOL CERTIFICATES.

The inaugural address before the Central Ohio Teachers' Association at Columbus last week was delivered by Senator W. H. Meek of Dayton. In his address he sprang a sensation among teachers and educators by declaring that there was a wholesale traffic in school certificates.

State School Commissioner has taken up the charge and summoned Senator Meek to appear before him Friday evening with his evidence. It is expected that there will be some important developments.

## THEATRE NOTES.

The Fairbanks Theatre, Springfield, will offer on Nov. 15th, the leading minstrel of the country, "Low Dockstader". The mere announcement of his coming means an entertainment of quality. Dockstader never disappoints because his ability as a fun creator arises out of his personal manner. His monologue and sketches likewise always relate to the topics of the hour and are sure of a wide appeal. The vaudeville numbers of the program he always maintains up to a high standard. His first part is likewise one of merit, for he can be relied upon and chooses his vocalists with care. Season after season he has given an acceptable entertainment and it can be assured that this year will be no exception.

Richard Carle will make his appearance at the Fairbanks Theatre November 20th, in "The Spring Chicken", the sprightly musical comedy that has proven so wonderfully successful wherever presented. Mr. Carle has almost identically the same company that helped him win the favor of New York audiences four months last year. In his support are Miss Bessie McCoy, who danced so long at the New York Hippodrome; Victor Morley who

Bageard, who used to be with the Rogers Brothers; Miss Alice Hagerman, Miss Amy Dale, Miss Marion Mills, Miss Florence Ayers, Evelyn Langlois, Arthur Conrad, Abbott Adams, Richard Ridgely and others. And the chorus? As big and rosy and as nimble a bunch of girls as you may ever hope to see. The girls sing, they dance, and they wear stunning gowns, and they are a show in themselves.

"The Gingerbread Man" which comes to the Fairbanks Theatre, Springfield, is a fairly spectacle and a musical extravaganza well worth seeing. The scenes of the story are laid in Fairyland. The first act in Santa Claus country, the second act on the borderland between the realms of King Bunn and King Sugar Plum. Perhaps the most unique feature of "The Gingerbread Man" is a novel scenic effect in the second act, when Evelyn Francis Ke'egg as Little Jack Horner, sings, "Moon, Moon, Moon." High above the darkened stage a glowing crescent moon, bearing a gorgeously attired beautiful girl swings into view, singing in answer to the salutation of her worshippers. The chorus sings a soft melodious refrain.

On Friday, November 22d, the Fairbanks Theatre will offer one of the greatest triumphs of the season, H. Crane in "Father and the Boys". This new piece is from the pen of George Ade and marks a distinct advance in his work. It has been characterized by the Chicago critics as a splendid American play possessing a coherent story with a strong, dramatic plot and a constant play of humor which is irresistible. W. H. Crane appears in a role portraying the modern business man who retains a sense of proportion and a quick insight into the humorous aspects of things. He sets out to show his two sons the foolishness of their indolent and extravagant ways and the result is, it is asserted, a story of much interest as well as of unflagging humor. Mr. Crane's delineation has been characterized as one of much merit as the public will demand that he retain it in his repertoire for the rest of his stage days. This performance is one which no theatre goer should fail to witness.

### EDITOR IS MAYOR.

Mr. George C. Barnes, formerly the editor of the Xenia Herald, was a candidate for Mayor of Sabina when he has been engaged in the practice of law since leaving Xenia. He was elected by 71 votes. He is the first Democratic Mayor the town ever had which speaks well for his popularity in his home town.

## FUDGE PARTY.

Last Friday evening a crowd of High School girls and a fudge party at the home of M. J. Spencer. To avoid the boys, the girls went by an indirect route through the alley, but they had to pass through the house where the boys were. Although the house was locked, they succeeded in getting in by taking out a window up stairs. Several loads of candies were made and a very jolly time was enjoyed by all.

Those present were Misses Carrie Townsley, Ida Dyer, Faye Conner, Hazel Tomkinson, Edith Tomkinson, Ethel Barlow, Mary Barber, Mary Hastings, Escalyn Reynolds, Ethel Spencer, Maudie Barber Cooley, Foster McMillan, Edward Turnbull, Ralph Townsend, Charles Conner, Fred Field, John Collett, John Townsley, Rosemary McCorkell and Herbert Shaw.

At Yellow Springs J. F. Hine and F. L. Allen will address the meetings.

## NEW COMPANY BEING FORMED.

For some weeks there has been some talk of a change in the ownership of the local electric light plant. We find that incorporation papers have already been drawn and are here for signatures of those who desire to become interested in this enterprise.

The proposition as we have it is to take over the present plant, move it to a point near the Sullenberger flour mills so that it may be operated a part of the year with water power, improve the service so that the patrons will get a better light, place the concern on a strict business basis and charge for the service by the meter as is done in cities by both gas and electric companies.

As we have it the project has the backing of a number of our leading citizens. Among them are W. J. Tarbox, O. L. Smith, L. H. Sullenberger, Dr. M. I. Marsh and others. There is a great deal of power going to waste at the Sullenberger mills each year and by operating by water power the cost will be greatly reduced from what it is at present. For the past two years there has not been many weeks but what there has been plenty of water to operate the mill. At night time this water is wasted as far as power is concerned and could be utilized for some other purpose, namely the generating of electricity.

Then these men who have become interested in this movement expect to place the plant in a condition that the street lighting could be cared for. It has become known that the incoming administration will do its best to give the people some return for their taxes. Of course the first year there can be little expected as there will probably be no funds available for this purpose. The public does not mind paying a good rate if something was received in return. The people do not expect something for nothing and are willing to stand the cost but the policy, "Nothing for something" will not go down.

As for electric light there is a plant and good service. There are a

## number of plans that could be worked out to light the town that are already in force in other places of this size. With street lighting this local company would be in a position to give an all night service for commercial lighting.

Besides lighting the town the new administration must first prepare to improve our streets. Cedarville at one time enjoyed the distinction of having the best streets and sidewalks of any village in the county. The streets the past few years have not had the care they should have had and are in a deplorable condition at present. The new council must take up this work just as soon as the funds are available and the weather permits.

## FOUR TIMES MAYOR.

Mayor J. R. Stroup, editor of the South Solon Advance, has been re-elected mayor of that village for the fourth time. Mayor Stroup has been on the side of law and order in that place and done much towards seeing that local options laws were enforced. He has dealt fearlessly with the offenders that came before him. He was re-elected by a close vote which was no doubt due to his stand on law enforcement.

## MONMOUTH COLLEGE IS BURNED.

Word has been received in Xenia that Monmouth College located at Monmouth, Ill., burned Thursday. No particulars have been received and it is not known whether any of the other buildings burned or not. It is said that all the students escaped but that one person was killed.

Monmouth college is one of the oldest institutions in the country, many of her alumni being residents of this county.

## CEDARVILLE WON.

Cedarville High School defeated the Wilmington foot ball team last Saturday on the college campus by a score of 10 to 0. The game was hotly contested and interesting from start to finish.

## 27 YEARS AGO.

Twenty-seven years ago Monday, the ground was covered with eight inches of snow. Winter set in with a vengeance and the weather continued cold until the latter part of February. Some of the older residents, when questioned about it, said that the day was clear but the snow was deep and it was cold as they remembered it.

FRIDAY, NOVEMBER 15, 1907.

The fight for the convention is coming on apace and much maneuvering is in progress, more in fact than appears to the naked eye. On this subject Chairman New is quoted as follows: "Some people are disposed to attach great political importance to the selection of the convention city, but as a matter of fact there is practically no significance to it. The action of the convention in the nomination of the ticket and the drafting of the platform is not influenced by local conditions or considerations. It is a mistake for anyone to assert or think, even, that this or that candidate would profit by the selection of any particular city." The record does not bear out Mr. New's assertions, as local sentiment has influenced these national actions. It is claimed by politicians of weight that the Democratic split in 1890 would not have occurred had the convention been held in a city less aggressive in its championship of slavery. Every one knows that Charleston was too much for Mr. Douglas, and that at Chicago the same year the Seward men complained that local sentiment secured the nomination of Mr. Lincoln. Because the east is still unfriendly to Mr. Bryan's policies, the Bryan men to-day are opposing the suggestion of an eastern city for next year. And so the merry war goes on.

The government's prosecution of the Standard Oil Company is progressing steadily. It has thus far revealed the fact that the Standard Oil Company has made profits of \$400,000,000 in the last twenty-five years; that it has frequently violated the law and the mandates of the state supreme courts; that John D. Rockefeller owns one-fourth of the stock and that his holdings are worth \$109,000,000; that his income amounts to over \$21 a minute; that the Standard Oil Company of Indiana, a sort of legal fiction, but actually a part of the real Standard Oil Company, which Judge Landis fined \$20,000,000, has been making a profit of 1,000 per cent a year. The government's suit prays the dissolution of the Standard Oil Company of New Jersey, the real company which owns all the little companies; little, by comparison. The suit is being conducted under the Sherman anti-trust law, which was a law when Grover Cleveland was last President. But then it is always the custom of Democratic parties to talk about things, not to do them. It remained for a new Roosevelt acting on the legal advice of Wm. H. Taft and Charles J. Bonaparte.

## FOR SALE

I will offer for sale NOVEMBER, 21st, 1907.

At the sale of E. B. Frantz & Co., one (1) Bay gelding, five years old, bright bay, three white ankles with small star. This young horse is of the very best disposition, can be harnessed, hitched and driven by a lady, city broke, not afraid of cars or automobiles. This young horse shows considerable speed. At either trot or pace is a gentleman's or lady's fancy driver.

This horse is the property of Frank L. Orr, deceased, and will be sold without reserve on the terms of the above sale.

**JAMES R. ORR,** Adm'r of Frank L. Orr, deceased.

**WATCH DOG CHECK ARTIST.**

Some weeks ago a member of the Xenia police force was in town looking up a man by name of A. J. Hurst, who is said to be a resident of this place. There being no one here by that name and the officer not having a good description of the man nothing was done toward locating the matter until recently. Hurst had gone to Charles Martin, a gas man of Xenia, and purchased a stove. The fellow put up a good story as to being an electrician and lived in Cedarville. The stove selected cost \$10.50 and Martin took a check for \$20 on the Citizens National Bank for that amount. The change \$9.50 was given the man. Mr. Martin still has the stove but is out \$9.50.

The man called at the Charters jewelry store in Xenia and after looking at a number of cheap watches decided to take one at \$11 if a check of \$20 would be accepted. Mr. Charters did not know the man and asked for identification. The man left and failed to return.

The next place was S. Englishman's clothing store where he purchased a pair of cheap shoes, hat and pair of overalls. The shark asked that fifty cents be deducted from the bill which was done. A \$20 check was accepted. The goods came to \$4.50 and the bogus check man walked out with the goods and \$15.50.

Saturday Frazer's Shoe Store was worked for a pair of \$3.50 shoes and \$6.50 in change for a bogus \$10.00 check. Ed. Thornhill, the liverman, took a \$12 check in payment for a liver rig. The rig was never used but the man was \$6 ahead of the game in change.

Mr. Charles Hedrick, a widely known trainer of trotters and pacers has taken up his abode at James-town and will train a public stable at the Clemans Farm, west of that place. Mr. Hedrick was located there several years ago, and is one of the most successful men in the business, being especially a great developer of colts. He brought with him the good trotter, Flashlight 2:18 1/4, that he won so many races with the past season. The track at the Clemans Farm is generally conceded by horsemen to be one of the best in the county.

Swallow's Astonishing Speed.

A swallow's speed has often been stated to be 60 miles an hour. Recent experiments prove that a swallow in a hurry can travel at the rate of 125 1/2 miles an hour.

**CLASSIFIED TAXATION.**

At a meeting of the State Commission, Monday, J. J. Brooks, counsel for the Pennsylvania railroad, spoke at some length. Here is a paragraph from his address:

"Put the legislature where it can classify. There is no reason for apprehension. Other states have it. In Pennsylvania, intangible property pays one-fourth of 1 per cent. The result is a surprisingly increasing volume of revenue to the state."

In this state we are hesitating to do what in Pennsylvania the people are glad they have done. They classify property for taxation, so as to get the best results. In Ohio, we refuse to classify and get nothing. Over there they classify and get a "surprisingly increasing volume of revenue."

Taxation is both a moral and a practical problem, but we are solving it in Ohio, so as to make it both immoral and impracticable. We fill the state with perjury and keep money out of the treasury both. If this isn't a clean statement of the effect of the system, we would like to have somebody criticize it.

And what is in the way? The prejudice against disturbing the uniform rule. It is thought there would be an ugly precedent if classification would be substituted for uniformity. What is the use of keeping up a system that adds to the burdens of the people who pay taxes?

We are glad to note there is a good deal of intelligence getting around among the people upon this subject of taxation, and if the Tax Commission doesn't hurry up it will get left. The people are getting tired of the perjury, injustice and low revenues that the present system entails. They begin to see that the only uniformity that the uniform rule secures is that, in all cases where people pay taxes their burdens are increased. — Editorial, Ohio State Journal, Oct. 10, 1907.

**CALIFORNIA COMPLAINS THE SAME AS OHIO**

California's commission on revenue and taxation, authorized to recommend a modern and effective system of taxation, made conditions in that state much like those of Ohio. The commission's conclusions include the statement that the present system of taxation does not meet the demands made upon it; that it is antiquated and has not been revised to keep pace with modern conditions. That it is full of inequalities, which impose a burden on the growth of the state and that these inequalities twist and distort the industries of the state and prohibit a symmetrical development of its resources.

That identical statement could be applied to Ohio's conditions. California wants just what Ohio is after, and the commission of California emphasizes its recommendations in these words:

"The taxes paid by farmers in California are equivalent to an income tax of 10 per cent; by manufacturers, only 2 per cent."

"Our chief tax, called a general property tax, has in fact become a real estate tax."

"Money and credits escape taxation almost entirely."

"Equalization, so-called, does not equalize."

"Under the present system it is impossible to adjust the burden of taxation equitably between different classes of corporations."

"Our present system is a school for perjury; puts a penalty on honesty and pays high premiums for dishonesty."

**STATE TAXATION PROBLEM.**

The address of Hon. F. A. Dethick at the meeting of the Fairfield granges last Saturday was devoted to a discussion of the taxation question. It was an off-hand speech, delivered with vigor and in clean-cut words. Mr. Dethick has been doing a great deal of work in the grange of this state, in elucidating some new ideas on the subject of taxation. He regards the present system as full of fraud, injustice and oppression, and in injuring the state, morally and financially.

He opposes the old rule regarding uniform taxation, which put all property upon a level, when, as a matter of fact, it could not be put upon a level, and if it was, it wouldn't stay, which fact has cheated the state out of millions of dollars, taxed honesty and filled the commonwealth with perjury.

Mr. Dethick pleads for some classification of property that would yield a just revenue. He did not state just what the classification should be, but hinted that it would possibly be a real estate class and a personal property class, and the latter divided into tangible and intangible property. In this way, we could derive a large revenue from a species of property that now goes scot-free; and scot-free, hear ye mind, because a public sentiment exists that justifies false swearing to make it so. Was there ever a depth of infamy pushed upon a community equal to this? How can we wait with patience till we are lifted from this slough?

There is no man in Ohio doing a more righteous service than Mr. F. A. Dethick, master of the Ohio grange. We hope he will keep up his manly contention, and win the whole grange to his standard. If he does, there will be something done. — Editorial, Ohio State Journal, Sept. 8, 1907.

## A Live Wire

Every nerve is a live wire connecting some part of the body with the brain. They are so numerous that if you penetrate the skin with the point of a needle you will touch a nerve and receive a shock—pain it is called. Aches and pains come from a pressure, strain or injury to a nerve; the more prominent the nerve the greater the pain. When the pain comes from a large nerve it is called **Neuralgia**.

whether it be the facial nerves, or the heart, stomach, sciatic or other prominent nerve branch. To stop pain, then, you must relieve the strain or pressure upon the nerves. Dr. Miles' Anti-Pain Pills do this.

I suffered intense pain, caused by neuralgia. I doctored and used various medicines without getting relief until I began taking Dr. Miles' Anti-Pain Pills. They did me more good than all the medicines I ever used. They never fail to cure my headaches, and their use never leaves any bad after-effects."

The young men left the train at Cedarville in the morning and walked to Xenia visiting several stock farms in the section between the two places. While talking at the station before starting home Friday evening they stated that they have seldom seen finer stock than is raised in Greene county. —Gazette.

According to the bureau of the census, Ohio was the leading state in the manufacture of carriages and wagons in 1905, having in that year produced these products to the value of \$16,096,125, or one-eighth of the entire total of the country. Indiana was second, New York third, and Michigan fourth. In the manufacture of family and pleasure carriages Ohio was first with a production of 193,428 during the year, and was fourth in the manufacture of wagons, having made 40,995 during the year.

## MORE THAN HALF COUNTRY IS DRY.

New York.—In a census of wet and dry territory the bar and buffet sizes up the situation as follows: With four states "dry" by statute, and local option prevailing in many others, it is said that more than half the nation is under prohibition laws.

Maine, North Dakota, Kansas and Georgia are the states where statutory prohibition rules.

The following statement of the conditions regarding the states where license and local prohibition exist in varying degrees, compiled by temperance advocates, is as follows:

Alabama—Majority of the counties dry; part of others also. A county option law has just been passed, moving for state prohibition in the next two or three years.

Arkansas—Sixty out of seventy-eight counties dry. Much dry territory in other counties.

California—Four dry counties and much dry territory in other counties.

Colorado—Local option law, 1907. Connecticut—Town local option, ninety-six no-license to seventy-two license towns.

Delaware—Half dozen dry towns. State no-license campaign; vote on November 8th, 1907.

Florida—Thirty dry counties out of forty-five. Few saloons in the state. Move for state prohibition, led by Governor Broward.

Iowa—License, Sunday law only, passed 1905. Illinois—Probably 200 dry towns. Local option law recently passed. Two dry counties.

Indiana—Three dry counties; 710 dry townships out of 1016. Half of population in dry territory.

Iowa—Sixty-five out of ninety-nine counties dry; eleven other counties have only one saloon town. Move for state prohibition again under way.

Kentucky—Ninety-seven out of 110 counties dry; only four counties entirely wet. Saloons close on Sundays.

Louisiana—Seven-eighths of the state dry. Orders may not be solicited or received in dry territory.

Maryland—Ten out of twenty-three counties dry, two nearly dry, and two others where liquor is sold in only one place.

Massachusetts—Local option by cities and towns, 300 being dry and 100 wet. Law strict and well enforced.

Michigan—County option, with a few dry counties. If county votes wet, saloons are closed in small cities.

Minnesota—License, with village local option; 1,134 dry municipalities. Sunday closing in entire state.

Mississippi—Sixty-eight out of seventy-five counties dry. State prohibition campaign actively under way.

Missouri—Forty counties dry. Sunday closing rigidly enforced by Governor Folk.

Nebraska—License. Nebraska—Village and city option; 400 dry and 600 wet towns.

Nevada—License with little restriction. No chance to vote on question of prohibition.

New Hampshire—Nominally prohibition, modified by local sentiment. Treated is toward prohibition; 63 per cent of population in dry territory.

New Jersey—Local option law. New York—Town and township option; 300 dry towns.

North Carolina—Few saloons; campaign for state prohibition, with the governor leading the fight.

Ohio—Out of 1,376 townships 1,140 are dry, 90 per cent of the municipalities dry and 200,000 people living in dry residence districts in wet counties. County prohibition assured—probably at next session.

Oregon—Twelve dry counties and 170 dry municipalities in other counties.

Pennsylvania—License, with privilege of remonstrance. Oklahoma—Saloons in the state. Part formerly in Indian Territory has had prohibition twenty-one years and constitutional convention adopted similar provision to apply to entire state if so declared by popular vote.

Rhode Island—Sixteen dry municipalities out of thirty-eight.

South Carolina—Recently passed a county local option and repealed dispensary law; move for state prohibition following Georgia's victory.

South Dakota—Large section of the state dry. Tennessee—Saloons excluded from all but three municipalities in the state; state prohibition predicted in three years.

Texas—Two-thirds of state dry by local option; state prohibition campaign under way. Utah—License.

Vermont—Dry, save twenty-four municipalities; entire state and every county in state show majority against license; state prohibition expected shortly.

Virginia—Much dry territory. West Virginia—Thirty dry counties out of fifty-five; governor publicly opposes liquor traffic.

Wisconsin—Local option with 650 dry communities. Arizona—License. District of Columbia—Ratio of saloon to population reduced more than half during the last fifteen years.

New Mexico—License.

## PENSION CHECKS.

Columbus Journal: It has been announced from Washington banks that local banks need have no fear in regard to the cashing of the pension checks for the quarter ending up currency. Heretofore it has taken some time to receive the cash for the checks, as they have gone through the regular banking procedure, but instructions from the treasury department are to cash the checks and send them direct to the sub-treasury which will remit currency for them. This will clear up a situation which bankers in the present tight condition of the money market were inclined to view with some concern.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
